BRIEF CRITERIA ANALYSIS

JT Brackenridge Elementary School meets the primary criteria for facility utilization and has space for additional students. As a result of the rightsizing recommendations made for surrounding schools, it is projected that in 2024 JT Brackenridge will have 741 students.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school's principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With JT Brackenridge receiving students from Collins Garden, more students and families will gain access to:

- A full time art teacher;
- Access to mariachi, theatre, and dance, through JT Brackenridge's Fine Arts Exploratory programming;
- On-campus access to ECSE self-contained and ALE specialized programming for those that needed it; and
- A more robust and sustainable dual language program.
